

IRONCUTTER

ELITE VEGETATIVE BERMUDAGRASS

**SPRIG-TO-SOD
RAPID ESTABLISHMENT**

**TOP-RATED
TURF QUALITY**

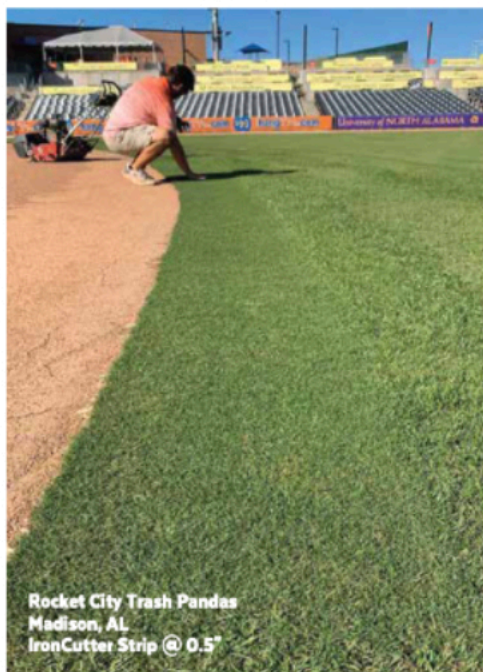

**EXCELLENT DROUGHT
TOLERANCE**

**HIGHEST TRAFFIC
TOLERANCE**

Developed through a 10-year Oklahoma research and breeding partnership, IronCutter delivers unmatched toughness and top-tier turfgrass quality across all bermudagrass growing zones. As a highly sterile F1 hybrid, IronCutter was first selected in 2007 and grown through rigorous trials, excelling in Turf Quality, Spring Greenup, Cold Tolerance, and Traffic Tolerance. In NTEP trials, it earned a 90% score in the Maximum Top 25%, a benchmark of elite performance across all sites. With stable genetics and reliable sod production, IronCutter is the #1 choice for turf managers everywhere.

**RECOMMENDED
PLANTING AREA:**

Rocket City Trash Pandas
Madison, AL
IronCutter Strip @ 0.5"
